Tom reported a conversation with Capt. McCammon at 15th Rec. Tech. Squad. on 26 Nov. 63 as follows:

Because of a high security, high priority assignment at the 15 Rec. Tech. Squad. Bldg. at MAFB all work on the HTA/5 program will be totally suspended for at least a 30 day period.

I had heard previously that if this expected program came to be, it may be necessary to suspend the HTA/5 program for as long as several months.

It now appears advisable to take some immediate action to avoid prohibitive delays in the HTA/5 program
